

margins likely to prevail if the order is revoked should be those from the original investigation. (See the domestic interested parties' June 2, 1999 substantive response.) We agree with the domestic interested parties. Absent argument and evidence to the contrary, we find that the margins calculated in the original investigation are probative of the behavior of Taiwanese producers/exporters of the subject merchandise if the order were revoked because the margins from the original investigation are the only ones that reflect their behavior absent the discipline of the order. Therefore, the Department will report to the Commission the company-specific and all-others margins reported in the Final Results of Review section of this notice.

Final Results of Review

Based on the above analysis, the Department finds that revocation of the antidumping order would likely lead to continuation or recurrence of dumping at the margins listed below:

Manufacturer/exporter	Margin (percent)
Kao Hsing Chang	9.7
Tai Feng	¹ 43.7
Yieh Hsing	38.5
All-others	9.7

¹ Tai Feng Industries supposedly went out of business in November 1983. See, Circular Welded Carbon Steel Pipes and Tubes From Taiwan; Final Results of Administrative Review of Antidumping Duty Order, 51 FR 43946 (December 5, 1986). However, in response to the Department's request, the Economic Division of the Taipei Economic and Cultural Representative Office in the United States indicated that it cannot acquire clear information regarding Tai Feng Industries.

This notice serves as the only reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305 of the Department's regulations. Timely notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This five-year ("sunset") review and notice are in accordance with sections 751(c), 752, and 777(i)(1) of the Act.

Dated: November 29, 1999.

Richard W. Moreland,
Acting Assistant Secretary for Import Administration.

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Notice of final results of Expedited Sunset Review: Certain welded carbon steel pipes and tubes from Turkey.

SUMMARY: On May 3, 1999, the Department of Commerce ("the Department") initiated a sunset review of the antidumping duty order on certain welded carbon steel pipes and tubes from Turkey (64 FR 23596) pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act").
